

A complex network graph visualization. The graph consists of numerous nodes, colored blue and black, connected by a dense web of thin gray lines. Several thick gray lines highlight specific edges or clusters. Three green downward-pointing triangles are located in the lower right quadrant. Three names are written in black text, tilted diagonally: 'collins, francis' on the left, 'redfield, robert' in the center, and 'conrad, patricia' on the right.

collins, francis

redfield, robert

conrad, patricia
